Sponsors Needed

Sponsorships still available \$500.00 will help to sponsor this event.

Finding people to help you live your dreams. That's what mentoring is about. Mentors – thanks to who or what they know – have the power to give your goals both roots and wings. Mentors can teach skills, open doors, cut red tape, provide exposure, and serve as much needed cheerleaders and sounding boards.

This mentor training will further the mission statement of the Sisters in the Building Trades to help reinforce proper work place conduct and retain women in our industry.

Thank you for your support.
